Millibar.io

FACT SHEET
NOVEMBER 2026

> Millibar builds the digital infrastructure of the diving industry, connecting dive centers, divers and diving knowledge in a unified AI-first digital ecosystem so that underwater activity becomes safer, more professional and more sustainable.

The DiveTech layer of the Blue Economy.

WHAT MILLIBAR DOES

Millibar connects dive centers, divers and diving professionals around a portable, agency-agnostic Digital Diver ID. Dive centers run operations on DEM; divers keep one profile that travels between centers; Millibar Academy and Millibar Jobs, coming soon, extend it to learning and careers. Divers control what they share.

PRODUCTS

Diving Experience Manager (DEM)	Software for dive centers: digital check-in, waivers and documents, certification checks, bookings, equipment, communication. LIVE BETA
Digital Diver ID	Free, agency-agnostic diver profile: certifications, logbook and documents, shared under the diver's control. LIVE BETA
Millibar Academy	Learning platform for diving knowledge, theory and continuing education. COMING SOON
Millibar Jobs	Platform for professional opportunities across the diving industry. COMING SOON
AI Front Desk	Text and voice layer over DEM: answers, books and checks in within the conversation. LIVE DEMO AT WEB SUMMIT
Millibar Quest	Free diving learning and quiz app on the web, App Store and Google Play. LIVE
Millibar Nitrox	Free Enriched Air Nitrox calculator: MOD, Best Mix, EAD. LIVE ON THE WEB
